We are happy to celebrate more than 6,000,000 computer science publications in the dblp computer science bibliography.

The database has doubled in size during the course of seven years.

In 2023 alone, 520,000+ new publications have been added to dblp.

In dblp, you can find publications from...

- 5,800+ conference and workshop series
- 1,800+ journals
- 100,000+ table of contents

These papers are credited to 2,900,000+ authors.

Of these authors, about 165,000+ researchers have been manually identified and put their publications through the dblp's review process.

Our editorial team is continuously checking the bibliographies and correcting misreported publications.

In 2023, 2,000+ error cases have been handled.

Each month, the dblp website is visited by 750,000+ users from all around the world.

Since 2009, the dblp team is working from home.
